

making a
difference...

Whether you want to personalize and create something distinctive to you, or are looking for a ready-made, customized bathroom from one of Moda's many packages, the staff work hard to ensure the homeowner is thrilled with the finished product.

An entire bathroom renovation can be done in as quickly as three days, yet the results will be enjoyed for years to come.

Estimates are free, says Zuzana Schroner, president of Moda — The Bathroom Renovation Company Inc.

"I always go to the client's home so that I can answer any questions they have that are specific to their bathroom. We want to offer them an experience that is very interactive and personal."

The Bathroom Renovation Company Inc.

ZUZANA & ERIK SCHRONER

Zuzana Schroner always knew it was her calling to start her own business. Now she is the president of the very successful Moda — The Bathroom Renovation Company Inc.

Co-owned by siblings Zuzana and Erik Schroner, Moda officially got its start in June 2009 after a great deal of planning to ensure a strong start.

"We worked hard and we continue to work hard," Zuzana says. "We have a wonderful system in place."

In addition to high-quality work that will stand the test of time, Zuzana wanted to make sure Moda would be known for offering exceptional service.

The testimonials posted on the Moda website prove those efforts have paid off. Clients appreciate how well prepared, organized and knowledgeable the staff are at Moda.

"We are very hands-on with our clients and they soon realize how much they can trust us. People appreciate the fact that we are there for them from the beginning to the end," she says.

Originally from Slovakia, Erik and Zuzana moved to Canada as young children when their family fled their home country as refugees.

"We have experienced a lot more than most brothers and sisters have," says Zuzana. "We are a very tight family."

With Erik's experience in home renovations and Zuzana deciding the time had come to make her

dream of owning a business a reality, they knew the perfect fit would be a bathroom renovation company.

And more than two years later, Zuzana loves it just as much as the day it started. While she recently had a baby, she still makes Moda one of her top priorities.

"This business is important to me and our clients are important," she says.

For Erik and Zuzana, the people who invite them into their homes to transform their outdated bathrooms into beautiful sanctuaries end up feeling like friends by the end of the process.

"We really believe in building relationships with our clients. They always have a lot of questions and we are happy to answer them. They can call or e-mail at any time," explains Zuzana.

"We treat every bathroom like it's our bathroom. We always have their best interests in mind."

For the Moda team, renovating a bathroom is much more than adding new fixtures. The planning and design work that takes place can maximize space, allow for a timeless look and increase the value of a home.

Moda uses only the best bathroom products to ensure complete customer satisfaction.

"We care and so we go above and beyond for our clients," she says.

"The biggest reward is the client's thank you and seeing them so happy."
